

Isaac Cooper Esqu.
Sir,

New York 6th February 1815

Mr. Fine returned from De Kalb in October last and has since been employed in classing the lands and making arrangements for a division and we will thank you to let us know when it will be convenient for you to come to this city to complete that business. You will please to bring with you all your Fathers accounts, your brothers and yours relative to De Kalb, in order that we may make a final settlement, at the same time that we make a division of the town.

There are many things relating to the improvement of De Kalb and other matters important to the proprietors to be discussed. It is therefore absolutely necessary that the whole of the proprietors should meet as soon as possible.

We remain very respectfully Sir your Humble Servants

M. S. Daubeny
