## Blackout Rules

Important rules on tonight's test blackout in this city are as follows:

The simulated air raid will come between 7 and 7:15 tonight.

Turn out the lights wherever you are. Do it at once.

If you are driving a car, turn out the lights and stop at the curbing.

After the first warning of sirens and whistles, wait quietly until the "all clear" signal is heard about five minutes later.

Police will be mobilized and in action, especially in the business district. Firemen will stand by for orders after sounding the warning.

The blackout warning will be sounded for 60 seconds. The "all clear" will last 30 seconds.

After the test is over, city life will proceed as usual.
