

Name _____

Children and Air Raids

- 1.) Who was responsible for developing an air raid protection plan for Gouverneur school children?

- 2.) How much warning time were children supposed to have to get home?

- 3.) What was to be used for air raid signals in Gouverneur?

- 4.) How long would the whistle blow?

- 5.) What is to happen to all lights at the sound?

- 6.) For homework: Ask your grandparents or other elderly friends or neighbors if they have ever experienced a blackout? Write description of their experiences to share with class tomorrow.
