

Dear Sir (Isaac Cooper),

I take leave to remind you that a year's interest is due on your Brother's bond 76.45. This sum although small would be acceptable. If perfectly convenient the principal or any part may also be remitted.

I sincerely wish that we could have a meeting and some final arrangement could take place respecting De Kalb. Will you give or ask a sum for your lands in Scriba. I have no more than the few thousand acres bought from your father.

With much esteem,
Dear Sir
Your Friend and Humble servant,
Fredk De Peyster
